ASSOCIATE SOFTWARE ENGINEER

I am a passionate Software Engineer and Full Stack Development enthusiast skilled in Java and JavaScript, designing and building scalable software solutions while committed to continuous learning, staying updated with the latest trends and technologies in software development, and excelling in collaborative and innovative team environments.

- Technical Knowledge -

- JavaScript (NodeJS, Angular, React)
- SQL (MySQL, PostgreSQL, NoSQL)
- Git (GitHub, Gitlab)
- Java (Spring boot)
- HTML, CSS, JS

PROFESSIONAL EXPERIENCE

FourDiv, Tech., Rajagiriya
Associate Software Engineer (June,2024)

- Collaborated with cross-functional teams to design, develop, and implement software solutions.
- Wrote clean, maintainable, and efficient code using industry best practices.
- Participated in code reviews and provided constructive feedback to other team members.
- Utilized version control systems (e.g., Git) for code management and collaboration.
- Design, develop, and implement software solutions using Spring Boot, Angular, React, Nest, Flutter, and WordPress.

EDUCATION & CREDENTIALS

SLIIT, Malabe
Bachelor of Science in Information Technology (September,2024)

Research:
Smart ornamental fish caring system for aquatic industry (ieeexplore.ieee.org/document/10391003)

Duke University, USA
Java Programming: Solving Problems with Software
